HARDY HERBACEOUS PLANTS

WHY I GROW THEM

For some years I have been growing perennial flowering plants for recreation. I find that many folks like perennials who have neither time nor opportunity to propagate the plants. So the idea came to me that I might grow plants for others as well as myself.

This I am now trying to do. During the day, I work otherwise, even as you. But from four to sundown, I spend my time in my little nursery growing these plants.

I do not deliver. Nor do I do landscape work. But for you who work during the day but who have time to drive out of an evening, and want plants honestly grown, I trust, truly named and modestly priced, both old-fashioned and new, drive north of Worthington on High Street one mile to Wilson Road, turn west 1000 feet and you'll find me.

HARRY R. O'BRIEN

FOUR O'CLOCK GARDEN NURSERY

"Come After Four, Please"

WILSON ROAD, WEST

WORTHINGTON, OHIO
